G2 (Syrah) / Shadow Canyon (Syrah)

Fermentation: Native Yeast, 100% De-Stemmed

Barrel: 22 months 300L French Oak, 65% New

Appellation: Willow Creek District

Alcohol %: 15.6

Production: 427 Cases

Winemaking

Tsunderere refers to a character that starts off a bit angular and aggressive only to evolve into one that becomes irresistibly charming and welcoming. This was the perfect moniker for a non-traditional blend with Bordeaux varietals crossing paths with Rhone varietals. At the core of the incredible 2019 vintage, Cabernet Sauvignon contribute notes of cassis and black cherry, with complexing herbal undertones along with unmistakable violet notes from the Petit Verdot. Syrah rounds out the palate with signature richness and chalkier tannin profile while adding depth with notes of blueberry, licorice, dried herbs and savory layers. Each varietal is fermented separately in small open tops using only native yeast. After nearly 5 weeks on skins the grapes are gently basket pressed. The wine is then aged in 300L French Oak Barrels of which 65% are new, for 22 months prior to bottling unfinned and unfiltered. As the name suggests this is a wine that comes together over time. We recently revisited a number of library selections of Tsunderere and were ecstatic! These have evolved into some of the most intricately detailed and complex wines in our cellar. Enjoy with an extended decant young and stash a couple bottles in the cellar and revisit periodically over the next decade.
